VitalSigns Reminder Emails

A VitalSigns email is sent out every Sunday as a reminder to report data. The email will contain the link to the 'My filing page' for the church.

- Click on the 'Submit your filing' link from within the email message. (example of email is below)
- There is no log-in, user name or password required to enter the VitalSigns website.

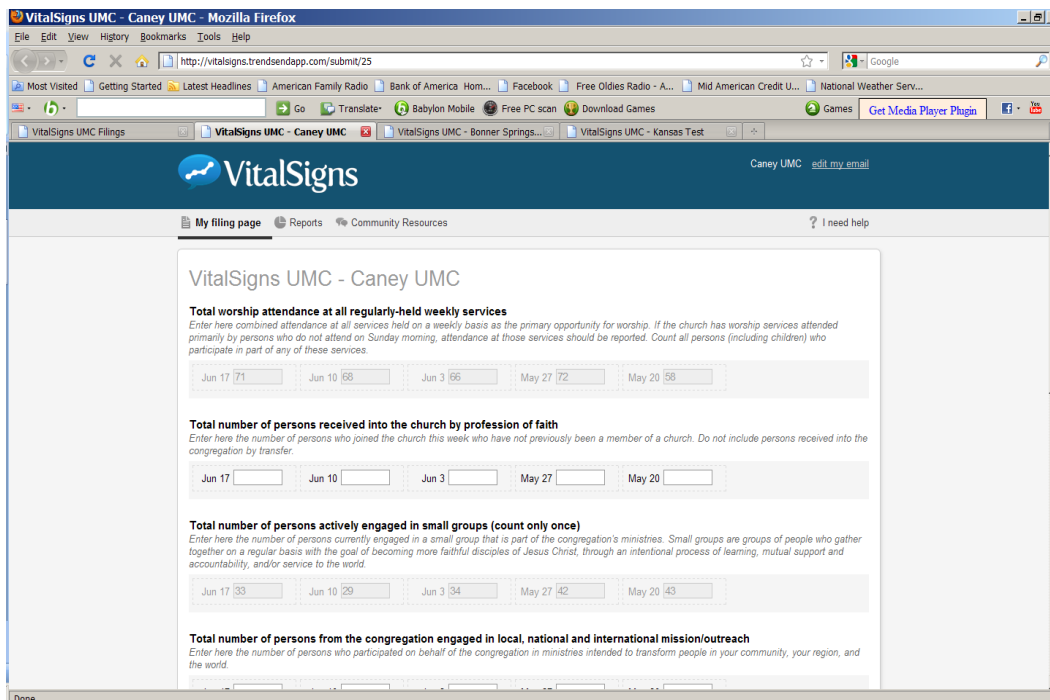

VitalSigns Website

When the website launches, 5 weeks will be displayed. Data can be entered/edited for any of the fields visible. Five weeks will always be visible on this screen, moving the oldest data off the screen each week.

Entering Data

- Enter the data in the designated field for each question. (Keep in mind the number can be zero) A field may be left blank if the answer is unknown.

- Use the 'Filing Comments' text boxes to record factors that might have influenced the numbers entered. i.e., *Attendance for this Sunday was up because it was Confirmation Sunday.* (see below)

Share stories about your church on the next page.

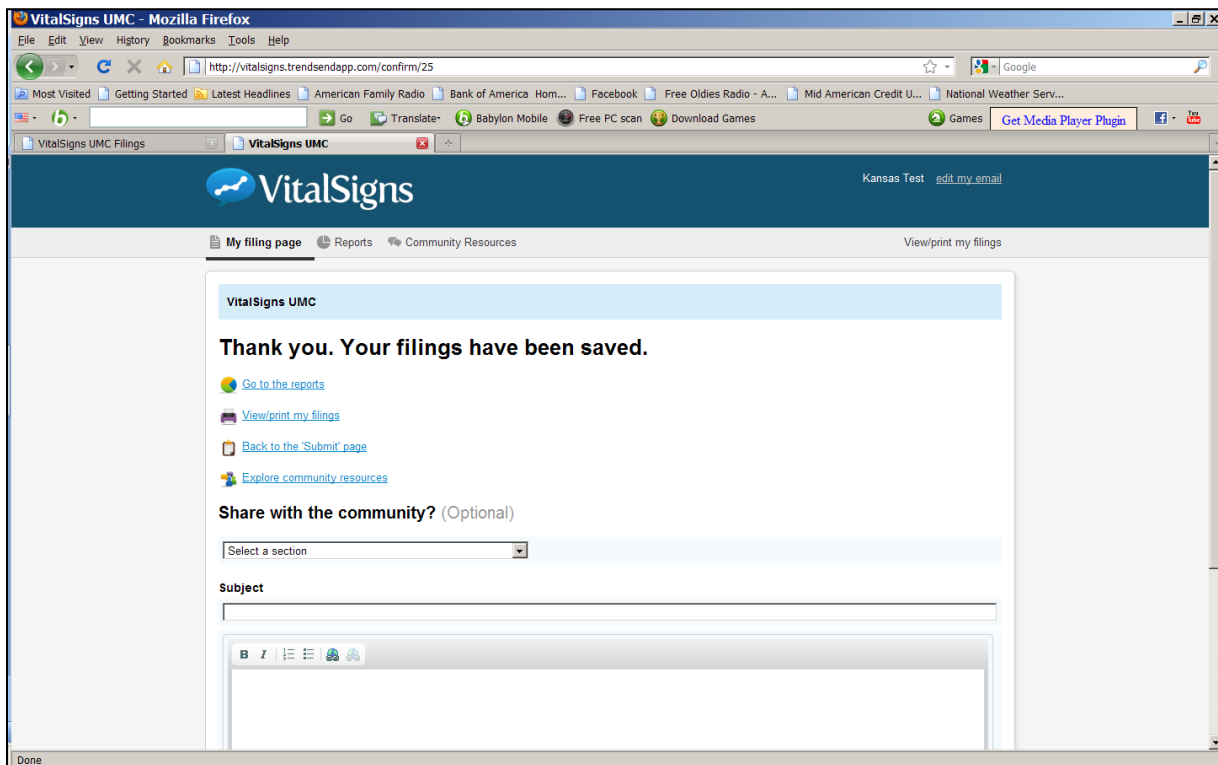

We'd love to hear how your congregation has experienced God's presence in the past week and what practices are [working](#) for your church. Please tell those stories on the next page after you have reported your numbers. Please use the Filing Comments field below to record any factors that influenced your numbers this week (snow storm, homecoming week, confirmation, church retreat, etc).

On the 'thank you' screen, there is an opportunity so share stories with other churches. Something special or unexpected might have happened within your church or community during the week, or you might have tried something new and it was a great success so you decide to share.

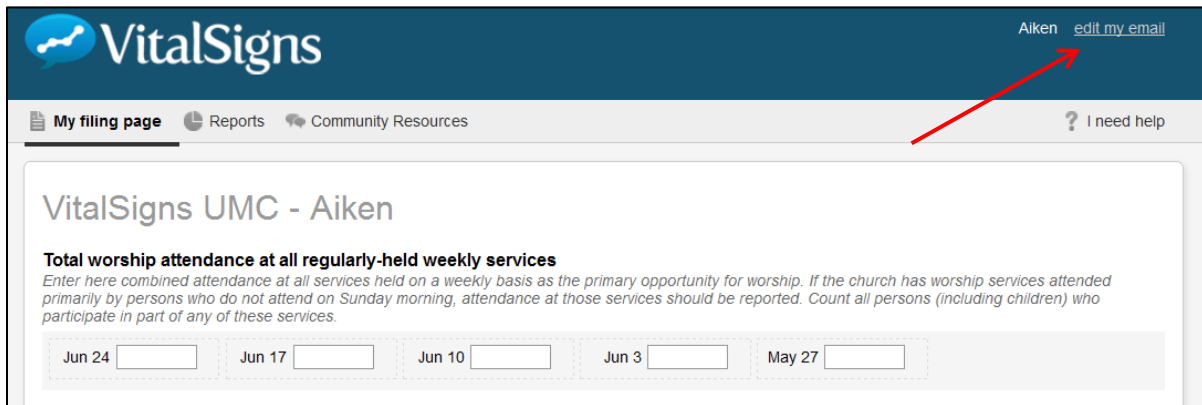

You can share these stories and others by selecting a topic available on the drop menu under 'Share with the Community'? (Also see Community Resources section on page 8 of this document)

- Click on the down arrow next to 'Select a Section'
- Enter a **Subject** and type your story in the text box
- When you are satisfied with your entry, click 'Save'

How to change the email address
