Read Instructions Before Completing this Report

Purpose and Process

The Clergy Compensation and Expense Report is used to set the pastoral compensation for those under appointment by the Bishop to a church. This report insures that pastors are receiving a salary consistent with GNJ's equitable salary guidelines, as well as appropriate benefits based on conference relationship and appointment status. **This form should be completed for each pastor under appointment.** This report is completed by the S/PPRC and then brought to the Church Council for approval and signature prior to submission and action by the Charge Conference. The recommendation becomes final after action by the Charge Conference and the signature of the District Superintendent.

Complete This Report in Excel Only

This report exists in Excel in order to make completing the form easier for the local churches. In order for certain amounts to automatically calculate correctly, please only complete this report in Excel. **Handwritten forms cannot be accepted.**

Housing Exclusion Resolution Now Attached

In order to make completing the Housing Exclusion Resolution easier (required from all clergy), this form has now been added as a third page to the Clergy Compensation Report. Page 3 will automatically be completed for you upon entering amounts on line 5 and/or line 11 of this report. The only item on page 3 that must be manually typed in is the pastor's home address.

Minimum Salary

The Minimum Equitable Salary Guide can be found at the back of these instructions. This guide represents the minimum amount of a pastor's cash salary linked to status and years of full-time service. Only full-time years of service are used to calculate the minimum salary (part time equivalents are not eligible). Pastors receiving their first full time appointment will move to level one on January 1st after having been appointed for a complete appointment year. For example, a pastor receiving his/her first full time appointment on July 1, 2018 would move to level one on January 1, 2020. Please check with your pastor to determine their number of full-time years under appointment.

Line-by-Line Report Instructions

1. Church Salary

This is the cash salary that is recommended and approved by the S/PPRC and Church Council that comes from local church resources.

2. GNJAC Equitable Compensation Grant

If the church has a letter from the District Superintendent providing a grant for Equitable salary, that amount is entered here. Do not include amounts requested but not yet approved through the grant process.

3. GNJAC Salary Supplement Grant

If the church has a letter from the District Superintendent providing a grant for Supplemental salary, that amount is entered here. Do not include amounts requested but not yet approved through the grant process.

4. Taxable Cash Allowances

Enter any amount designated for non-vouchered expenses (i.e. the church gives the pastor an allowance and does not ask for an accounting of how it was spent or does not require IRS documentation). Note: this is taxable income.

5. Housing Allowance

This is cash paid directly to a pastor to provide his/her own home when a parsonage is not provided (pastor pays SECA tax). This increases the dollar amount budgeted by the church for a pastor's compensation.

If you are receiving a Housing Allowance, it is recommended to exclude this amount (or some other designated amount) from the pastor's taxable income as a Housing Exclusion (Line 11 of this report). Pastors should consult their accountant to determine how to calculate exclusions. See more information on a Housing Allowance [here](#).

In addition to designating this allowance on the Clergy Compensation Report, the IRS requires that a Housing Exclusion Resolution be completed. A housing allowance should always be documented only in Box B of this form. Entering the amount of the Housing Allowance in line 5 of the Clergy Compensation Report will automatically enter this information into the Housing Exclusion Resolution on page 3.

6. Total Salary

This line will automatically calculate the total of lines 1-5. This amount represents the total amount of cash salary paid to the pastor from all sources.

TAX SHELTERED SALARY ITEMS (Lines 7-12)

Use this section to list the tax-sheltered portion of the salary reported on Line 6. Any of these tax-sheltered designations do not increase the church's financial responsibility but is a deduction from the pastor's cash compensation. These items should not be reported in Form W-2 Box 1 as taxable income. Refer to the individual lines on the Clergy Compensation Report for the appropriate reporting boxes.

7. Tax-Deferred UM Personal Investment Plan (UMPIP)

UMPIP is a retirement plan administered by Wespath Benefits and Investments. A pastor may choose to have this amount withheld from his/her salary and sent to Wespath for investment in their Personal Investment Plan (UMPIP) on a tax-deferred basis. Contribution to UMPIP is strongly recommended and is the option of the pastor. **Per 2012 General Conference changes, pastors contributing at least 1% of Plan Compensation into UMPIP will gain an additional 1% match into CRSP.**

Pastors must complete a Contribution Election Form if this is a new appointment or a new election. This form should be sent directly to Wespath and also filed at the local church. This form and more information on UMPIP are available [here](#).

8. Other Tax-Deferred IRS Section 403(b) Investment

This line is for retirement savings withheld from salary and paid to a plan other than UMPIP, such as a 403(b).

9. Health Insurance Contribution

This line will automatically calculate upon entering the health insurance premium amount on line 21. **Do not manually complete this line.** This amount represents the 2% withheld from a full-time pastor's salary reported on lines 1-3. If part of a clergy couple, line 9 must manually be changed to half the calculated amount, representing the 1% contribution by each spouse. A health insurance premium paid for a plan that is NOT the Conference plan should be reported on line 15. If you wish to waive out of this plan, please contact Alexa Taylor at ataylor@gnjumc.org for further instructions.

10. Flexible Spending Account Contribution

This is an amount withheld from the pastor's salary and used by the church to reimburse medical or childcare expenses on a tax-exempt basis. **The maximum allowable amount is \$2,650.** Reporting an amount on this line does not constitute a Flexible Spending Plan. The church must have a written Plan Document and an Enrollment Form. A Plan Form is required to change the amount withheld per IRS rules. Professional assistance is recommended to set

up Section 125 Flexible Spending Plans. Do not use this line to report medical expenses that are not reimbursed under a qualified Section 125 plan. Instead, use line 15.

11. Housing Exclusion

A Housing Exclusion is an amount excluded from the pastor's taxable income for any amount spent on maintaining or furnishing the pastor's home. This is a dollar amount designated by the clergy person and approved by the local church to provide a tax shelter for housing-related expenses (pastor pays SECA tax).

A housing exclusion is meant to defray costs incurred by clergy which directly relate to providing a home for self and family including, as applicable, any and all of the following: rent, mortgage payments and interest, furnishings, insurance, real estate taxes, utilities, maintenance and upkeep, and any other expenses directly associated with the provision of housing. Allowable expenses do not include personal items such as food, clothing, entertainment, and domestic help. Any amount designated that is not spent must be added into the taxable amount by the pastor at the time of filing his/her taxes. A housing exclusion may not be done retroactively. Pastors should consult their accountant to determine how to calculate exclusions. See more information on a Housing Exclusion [here](#).

The IRS requires that all clergy complete a Housing Exclusion Resolution (even if the amount is zero). Entering the amount of the desired Housing Exclusion in line 11 of the Clergy Compensation Report will automatically enter this information into the Housing Exclusion Resolution on page 3.

12. Total Tax Sheltered Salary

This line will automatically calculate the total of lines 7-11.

TAXABLE SALARY ITEMS (Lines 13-18)

Lines 13 and 14 are used to report taxable items deducted from the salary as listed on Line 1.

13. Tax-Paid UM Personal Investment Plan (UMPIP)

UMPIP is a retirement plan administered by Wespath Benefits and Investments. A pastor may choose to have this amount withheld from his/her salary and sent to Wespath for investment in their Personal Investment Plan (UMPIP) on an after-tax basis (considered taxable income in the current year). Contribution to UMPIP is strongly recommended and is the option of the pastor. **Per 2012 General Conference changes, pastors contributing at least 1% of Plan Compensation into UMPIP will gain an additional 1% match into CRSP.**

Pastors must complete a Contribution Election Form if this is a new appointment or a new election. This form is to be filed at the local church. This form and more information on UMPIP are available [here](#).

14. Health Insurance Contribution

2% of salary required contribution for the Conference Health Insurance Plan **ONLY** if the church has not established a Section 125 Premium Plan. This is considered taxable income in the current year.

15. Expenses Paid Directly by the Local Church Not Included in Lines 1-14

These are expenses paid directly by the local church on behalf of the pastor, including reimbursements to the pastor for social security payments, auto expenses including auto insurance and lease payments, club memberships, children's scholarships, health insurance premiums for non-Conference health plans, etc. **The details of these expenses must be outlined in a written agreement and submitted with the Clergy Compensation Report.**

BENEFITS (NON-TAXABLE)

Please enter an X on the appropriate line if you are in any of the categories listed in lines A-E. Doing this will automatically calculate the benefits that specific conference relationships and appointment statuses are eligible to receive. An X is not required for all conference relationships, and this should match the conference relationship and appointment status listed at the beginning of this report. If you are uncertain about the pastor's status, please ask your pastor. Appointment status and conference relationship information is provided on the clergy appointment memo for all new appointments.

- If you enter X in Box A or C, you are not eligible for CPP or UMLife Options.

Disclaimer: if this section is completed incorrectly, the church will be billed the actual amount for pension and health insurance even if there is an error on this form.

21. Health Insurance Premium for Conference Plan

Only pastors serving under full time appointment are eligible to receive the Conference health insurance plan. If a pastor is serving full time, enter **\$15,000** as the 2019 health insurance premium. If not full-time, please leave this line blank. If serving full time as part of a clergy couple, please enter the premium agreed upon by each church which is most commonly an even split of the premium amount.

Entering a premium on this line will automatically calculate the pastor's 2% salary contribution on line 9. If the pastor chooses to not make this a tax-deferred contribution, the amount on line 9 must be deleted and instead entered manually on line 14. If part of a clergy couple, line 9 must manually be changed to half the calculated amount, representing the 1% contribution by each spouse.

22. Net Health Insurance

This line will automatically calculate. This amount is calculated by subtracting the 2% pastoral salary contribution from the total premium cost (either line 9 or 14).

23. Pension Plan Compensation

This line is automatically calculated. The amount on this line is the definition of compensation for pension purposes and is used to determine the CRSP, CPP, and UMLife benefits (lines 24-26) received by eligible pastors.

Note: Retired clergy and lay persons serving as Supply Pastor (SY) or Certified Lay Minister (LM) do not receive contributions for conference sponsored CRSP, CPP, UMPIP or UMLife Options. For those pastors, lines 24-27 should be zero dollars. If, however, your church has adopted the UMPIP plan for lay employees, please enter the annual contribution amount for the Supply Pastor on Line 26.

24. Clergy Retirement Security Program (CRSP)

CRSP is a retirement program providing lifetime income for those who serve as clergy in The United Methodist Church. This line will automatically calculate. The amount on this line represents the annual premium that will be billed from the Conference to the local church.

This line will automatically calculate the total of lines 21-28 (excluding line 23). This amount will be the total cost of all benefits paid by the local church.

REIMBURSED BUSINESS EXPENSES (NON-TAXABLE)

An accountable reimbursement plan is not a salary reduction item (tax-shelter). A reimbursement assumes that the employer (church) is paying for the employee's (pastor) business expenses out of its own funds. When an employer pays an employee for his/her business expenses through a salary reduction, it is the employee and not the employer that is paying for the expenses. Reimbursements paid through a salary reduction agreement would be taxable to the employee. In order for a reimbursement plan to be accountable, the employee must submit proper documentation of the expense in a timely manner (no more than 60 days after the expense). **Note:** All full-time clergy must receive a minimum of \$2,500 in reimbursable expenses.

30. Travel Expenses

Show amount budgeted for reimbursed travel. Pastor must submit documentation of date, place, business purpose, and mileage.

TOTAL SALARY AND BENEFITS PACKAGE
