

On-The-Go Personal Protective Equipment for United Methodist Church Members

On-The-Go Masks is a family owned company focused on supporting reopening efforts as a supplier of high quality face masks and coverings. We understand the budget challenges and operational complexities facing our Schools, Houses of Worship, and other organizations, and developed a special program to offer wholesale pricing directly to our customers.

With safety being our #1 priority, our product offerings have been curated to support the guidance from national agencies including the CDC, FDA, and Department of Education.
