

2021 Greater New Jersey Special Annual Conference Session

Participants Guide

What to know before you register:

1. **Only voting members will be allowed to participate in the sessions via Zoom video or dial-in.** Credentials will be confirmed for each voting member upon submitting their registration. If you are not registered, you will not be able to vote or speak at the annual conference session but only view the annual conference session on YouTube.
2. Guests and visitors are invited to participate by watching the sessions live on YouTube at <https://www.youtube.com/GNJUMC>. Guests and visitors should not pre-register. Guests and visitors will be able to view the annual conference session on GNJ's YouTube by going to <https://youtu.be/Ki1zpJ3IOzg> and selecting the link for visitors to the 2021 GNJ Special Annual Conference Session.
3. If your household has two or more voting members, you will need to register separately and use different devices (phones, computers or tablets) to participate and vote.
4. **Each voting member can participate by using one device only.** You cannot log in on your phone and your computer, for example. It is essential that people in the same household use different accounts to register and that they log on with two devices. Each Zoom link for video and phone is unique and cannot be shared with others.
5. If you are registering by push-button dial-in phone (not a smartphone), you must call in using the same number you include in the registration so that your credentials can be matched and verified.
6. For those registering for Zoom video (those using a computer, tablet such as iPad or smartphone such as an iPhone or Android phone): An email confirming your credentials and Zoom registration will be sent within 2 business days after you register. Be sure to check your junk mail, if you do not receive the confirmation within two days.
7. For those registering for Zoom dial in (those using a push button phone): You will receive your credentials and dial in information the week of January 18. You will only be able to join the Zoom meeting by phone if you dial in using the same phone number that you included with your registration.

- ❖ We strongly encourage all participants on Zoom Video that you **give yourself enough time to join the meeting before the session starts** so that you can ensure the technology and your internet connection work properly. The Annual Conference Session is available to join at 3:30 p.m. on Friday, January 22.

- ❖ **Check your junk email folder first** if you cannot locate the Confirmation email. If you are still unable to locate the email, contact Soomin Lee at slee@gnjumc.org.

- **For members who registered for Dial In**

- The Dial-in info will be sent to your email prior to the Annual Conference
