

**TAKING A STEP UP TO TITHING**

The chart below lets you compare what a tithe (10%) of your income looks like. God tells us, I give 100% of your blessings to you. Live on 90%. Return 10% to me. Sounds reasonable: *“Bring the full tithes into the storehouse... and you will see how I open up the windows of heaven.”* - Malachi 3:10

Some people go “cold turkey” and just start tithing. Others have taken on lots of payments - mortgage, car, student loans, utilities, cellphone, etc. - and must take smaller steps. Maybe this is your year to get started with 1% or to step up to 5%.

As part of your commitment our Releasing God’s Blessings Campaign, spend time in prayer as you consider taking the next step toward tithing.
